

Let Your Fall Cloak or Suit be a "Wooltex"

WHY experiment when you can get the best at no greater cost? Every garment made by the H. Black Company is guaranteed to be all pure wool, correct style, and to give two seasons' satisfactory wear. This guarantee is not simply a selling argument, they mean what they say. In all the garments we have sold of their make since we have been in business, two suits and one skirt have failed to come up to the guarantee; one suit and the skirt were promptly replaced, and the other suit is now being repaired—no charges being made and no questions asked.

Because we handle only the best quality merchandise we attribute in a measure, the fact, that our sales for the month just passed shows an increase of 161 per cent. over the same month last year.

Again we say BUY "WOOLTEX."

WASHINGTON LETTER,

Washington, D. C., Oct. 21. Something like thirty thousand miners are expected to be in Pittsburgh on the last day of this month, the greatest gathering of diggers and delvers in the earth, ever met in one place in this country, when President Taft visits that city on his way back to the national capitol from his western trip. A noble feature of the occasion will be a demonstration under the auspices of the United States Bureau of Mines, the American Red Cross and the Pittsburgh Coal Operators' Association.

Considerable discussion was indulged in by delegates to the German-American Alliance, meeting here the past week, and showing in its personnel a fine body of substantial American citizens, concerning prohibition and kindred questions. The organization adopted a resolution to the effect that prohibition is an interference with personal liberty, and, discussing the evil of intemperance, declared that the most efficacious means of combatting it was the cultivation of the anti-treating habit. Members pledged themselves to wear buttons so declaring themselves. St. Louis gets the next convention.

Dr. Harvey Wiley, chief of the chemistry bureau, Department of Agriculture, is back on his job in Washington, apparently with highly agreeable remembrances of his recent vacation and vindication. His next appearance in public will be at Louisville, Ky., where he is to make an address in which he will devote attention to the important part American woman may play in the enforcement of pure food laws. His charming and sympathetic wife has already pronounced herself publicly for a women's movement against unclean grocer, and meat shops.

The death of Cornelius N. Bliss, of New York, removes one of the veterans of service with the National Republican Committee. Mr. Bliss served as treasurer of the committee in the campaigns of 1888 and 1892. The oldest member in length of service and in years is General Powell Clayton, of Arkansas, the next in length of service being former Senator Nathan Bay Scott, of West Virginia.

With the beginning of the

October term of the Supreme Court and a few of the department chiefs returning from their summer resorts, the national capital is resuming its wonted animation, and the hotels are registering guests from all parts of the country.

Miss Surface To Wed.

Another wedding of much interest to society, both in Virginia and North Carolina, is the marriage of Miss Constance Irene Surface, the daughter of Mr. and Mrs. Thomas Bittle Surface, of Coeburn, Va., to Walter William Ruble formerly of Roanoke, but now of Bluefield, W. Va.

The marriage will take place in the First Baptist church, Coeburn, late in November. Miss Surface is well known in social and musical circles. She was educated at Martha Washington college and Boston Conservatory of Music, and is a musician of rare merit.

Mr. Ruble is a popular and successful business man. This will be of much interest to their many friends.—Roanoke Times
